Dear Sir,

New British Patent Application No. 23868/69 Corresponding,
to U.S. Serial No. 728,265. Case 582-555 GB. Our Folio
A/13946. TR.AIM

Further to our acknowledgement of 21st April, 1969 of your instructions of 14th April 1969, we confirm that this application was filed on 9th May 1969, claiming Convention priority (United States) of 10th May 1968. We enclose the Filing Certificate, from which you will see that the Application No. is 23868/69.

Before filing, we revised the claims to put them in the normal British form, and two copies of the revised claims and of the formal front page also added are enclosed. The descriptive part of the specification will require some amendment in due course, but this can conveniently wait until the first Official Letter.

Our revision of the claims was editorial in nature and does not call for any specific comment.

Yours faithfully,

J.A. KEMP & CO.
